About the Conference

Oral Medicine and Radiology form the cornerstone of accurate dental diagnosis, enabling early detection and effective management of a wide range of oral and systemic conditions.

The Undergraduate Conference in Oral Medicine and Radiology is a unique academic gathering designed to inspire and empower budding dental professionals organized in association with IAOMR Karnataka State Branch.

To enrich knowledge and clinical perspective, the conference will host lectures by eminent speakers in the fields of Oral Medicine, Radiology, and general dentistry. These sessions will cover advances in diagnosis, patient care, and emerging technologies, offering attendees insights into real-world clinical applications.

The conference will feature scientific paper and poster presentations, providing undergraduate students with a platform to showcase their research, case reports, and innovative ideas. This is a valuable opportunity for young minds to engage in academic dialogue, receive expert feedback, and enhance their presentation skills.

Hands-on learning will be a key highlight, with specialized workshops on Cone Beam Computed Tomography (CBCT), Dental Implants, Basic Life Support and Lasers. These sessions are curated to give students practical exposure to modern tools and techniques, building competence and confidence in areas critical to contemporary dental practice.

Overall, this conference is more than an academic event—it is a stepping stone for undergraduate students to explore, experience and excel as future-ready dental professionals.

About Our College

Navodaya Dental College and Hospital, Raichur, Karnataka, stands as a premier institution in dental education, proudly accredited with an NAAC A+ grade. Since its inception in 2006, the college has built a reputation for academic excellence and clinical expertise.

We offer a wide range of undergraduate and postgraduate dental programs, supported by advanced infrastructure, modern equipment, and experienced faculty.

Navodaya, The Campus of Possibilities provides students with invaluable hands-on clinical training, serving the local community with quality dental care.

Navodaya Dental College – it's a hub of dental innovation and professional growth.
